You may be aware that NIEPA has instituted National Award for Innovations and Good Practices in Educational Administration for District and Block Level Education Officers as an annual feature. The basic idea of initiating the National Award Scheme is to recognize innovative initiatives and good practices in educational administration in variety of ways. It may not be out of context to reiterate that District and Block Level Education Officers can prove to be the agents of transformative change in governance of school education at the field level through their innovative initiatives. NIEPA's Scheme of National Award for Innovations and Good Practices in Educational Administration for District and Block Level Education Officers endeavors to encourage and motivate these officers by recognizing, awarding and disseminating their innovations and good practices in educational administration.

Nominations of up to 4 district and 6 block level education officers are invited for the consideration of award. Final selection for the awards/ Certificate of Appreciation is done on the basis of multi-stage evaluation and validation of the cases of innovations by the experts. The selected innovations are awarded and disseminated in the national conference and award presentation function, organized by NIEPA in New Delhi. The shortlisted district and block level education officers will be invited to participate and present their innovations in the national conference on innovations in educational administration, which is tentatively scheduled to be held in New Delhi during November-December 2022. The exact dates of the Award Function will be communicated in due course. The awards are distributed by the Honorable Union Minister of Education, Ministry of Education, Govt. of India.

I take this opportunity to request you to kindly send nominations of **up to 4 District Education Officers and 6 Block Education Officers**, who have made remarkable contributions in educational administration through their innovative initiatives and good practices, for the consideration of the National Award for the year 2020-2021 & 2021-22.
