I am in receipt of your communication seeking for clarification with regards to the continuation of the counseling process for transfer cover under notifications dated 29.06.2021 and 30.06.2021 and noted the contents. In the above cited Applications, the Applicants have challenged the transfer notifications on various grounds and the State has filed its detailed reply. The Hon'ble Tribunal on 07.09.2021 has considered the prayer for interim order by the Applicants, before issuance of the notice to the State Government, and has stayed the notification dated 29.06.2021. However, on persistent efforts by the undersigned counsel, ably supported by the authorities, made submissions before the Hon'ble Tribunal with regards to the difficulties that may arise by continuation the interim order.

The Hon'ble Tribunal considered the request made by the undersigned counsel was pleased to modify the order of stay confining the same only to the Applicants in the said Applications. Hence there is no any impediment to continue with the counselling process of transfer of teachers has secluded and the same may pleased be continue and completed.

As I have made it clear that there is no any bar or stay or impediment to continue with the counselling process of transfer of teachers as scheduled and the same may be continued and completed without any interference.

The above opinion and clarification is based on the records available and on the basis of the modified interim order of the Hon'ble Tribunal dated 18.10.2021.

Thanking you,

Yours faithfully,
